

NBC PROFESSIONALS ARE EXPENDING

NBC has reached a new milestone. In order to make the future, the current tasks and the strategy of Ninepin Bowling Classic as best as possible, we have set up committees. The role of the committees is to examine certain strategic areas from as many aspects as possible and to support the work of the presidency with their proposals. We want to use the opportunity to involve as many nations and professionals as we can to make our sport better and better. It is time to introduce the committees.
