TRAINER EDUCATION AND LICENCES BY NBC

We are pleased to be able to start the first trainer training at Level 1 level as NBC at the end of 2023.

In this way, we are creating an opportunity to offer high-quality coach training to nations that do not have their own training structure. The aim of this training is to provide everyone with an equal basis in teaching and to introduce a uniform standard in the NBC. Coaches, from member countries of the NBC with their own training structure, can of course obtain the NBC Instructor License with their existing licenses.

All details can be found in the training regulations recently adopted by the Presidium. Our special thanks go to the experienced trainers who provide their time and knowledge for the training.

Bernhard Geisler (AUT) - Consultant Training Trainer in the NBC
Wolfgang Lutz (GER)
Milos Ponjavic (SRB)
Tonci Milkac (CRO)
